

## Why Heat Pumps?

Summit Pools recommends heating your inground pool with a Thermeau heat pump. Purchasing a heat pump over a fossil-fuel heater provides the following benefits:

- Major savings in heating costs
- Significantly longer appliance life
- Unprecedented reliability
- Extended swimming season
- A super quiet operation
- Increased safety (no open flames)
- Zero noxious gas emissions
- Department of Energy recommended
- Increased efficiency (up to 6 times over NG/LP)
- An efficient, economical, and environmentally friendly way to continually maintain a heated pool for a fraction of the cost of NG/LP heating

You can **SAVE** from \$1,500 (NG) to \$3,200 (LP) per season in heating expenses of a 20,000 gallon pool, April - October maintaining 80° in **Philadelphia, PA** thanks to Thermeau Signature heat pumps!

Month	Thermeau	Propane	Natural
April	\$170.25	\$1,063.91	\$603.66
May	\$108.11	\$675.62	\$383.34
June	\$49.53	\$309.50	\$175.61
July	\$20.47	\$127.93	\$72.59
August	\$29.43	\$183.90	\$104.34
September	\$77.39	\$483.60	\$274.39
October	\$152.89	\$955.46	\$542.12
<b>Total</b>	<b>\$608.07</b>	<b>\$3,799.91</b>	<b>\$2,156.05</b>

Thermeau heat pumps are able to achieve such outstanding performance due to their premium quality components and ingenious design. Thermeau heat pumps are built with ultra high performance North American components which deliver unrivalled energy efficiency and unprecedented reliability.
